*Raise the Bar for Quality and Safety with Unit Dose, Bar-Coded Medications*

## LOOKING FOR SKY HYDROCODONE?

It's back! You may recall that due to the reclassification of hydrocodone in September, 2014, distribution of SKY Hydrocodone + APAP was temporarily limited to specific wholesalers while SKY worked to have a CII vault installed onsite.

SKY is pleased to announce that the CII vault is in place and fully functional. We are now supplying product to all wholesalers under the NDC **63739 0704 10**. Customers can contact their distribution center for purchasing.

The new vault installation will also allow SKY to accept hydrocodone combination drug returns. Since these drugs are now subject to the Controlled Substance Act's regulatory controls, processing of DEA form 222 with all shipments is required. Customers should follow the standard SKY returns policy, ensuring that the appropriate DEA forms are also included with the return. For questions or assistance, please call 888-759-4633.

## UNIT DOSE AT YOUR FINGERTIPS!

Find us online at [www.skypkg.com](http://www.skypkg.com). Your one stop shop for product information, new launches as well as recent SKY news. Search for products and find the corresponding wholesaler item numbers for ease of ordering.

### VALUE

SKY provides a cost-effective packaging solution to assist our customers in achieving their bar code goals.

### CONVENIENCE

Choose SKY to compliment your bar code strategy with our robust generic product portfolio. Products are available in 100—dose and 750—dose package sizes.

### SAFETY

SKY products have FDA compliant bar codes that help maximize quality, efficiency, and patient safety, while expanding the selection of bar-coded medications for health system pharmacies.

### HAVING TROUBLE LOCATING A PRODUCT YOU NEED?

Please contact your local wholesaler representative to ensure your distributor has product in stock.

### QUESTIONS & CUSTOMER SERVICE

If you have questions about SKY's services and product offerings, our customer service representatives are here to help.
